Reference letter

Byelkamit LLP has started working with Corrocoat Caspian LLP since 2016. Corrocoat Caspian LLP is supplying glassflake epoxy coating Zip E for internal lining of underground vessels.

During coating process Corrocoat Caspian LLP provided technical support, training and supervision of the application process as well as of the surface repair process.

Zip E material has been chosen by us because it satisfies all the technical requirements and specifications of the project and also passed all the tests during and after the application process.

This material is manufactured locally in Almaty and delivered in shortest time with coordinated logistics under the terms of the Contract.

Byelkamit LLP is fully satisfied with the quality of products and services of Corrocoat Caspian LLP and plans to continue such a long term relationship with this Partner.

Best regards,

**Deputy general director
